

ASSIGNMENT OF COPYRIGHT

The corresponding author should print this copyright form, complete it, and have all the authors sign this or their own copyright forms, and send it to the address indicated on the bottom of the page.

ATS Publication (check one):

- American Journal of Respiratory and Critical Care Medicine (*Dr. Edward Abraham, Editor*)
- American Journal of Respiratory Cell and Molecular Biology (*Dr. Steven D. Shapiro, Editor*)
- Proceedings of the American Thoracic Society (*Dr. Alan R. Leff, Editor*)
- ATS Website (*Dr. Dean Schraufnagel, Editor*)
- Other _____

Manuscript Number and Title (do not abbreviate):

In consideration of the expenses of editing and publishing and the professional benefits relating to publication of my article or other written work, as specified above, I assign exclusively to the American Thoracic Society all right, title, and interest to my article or other written work, as specified above, and any photographs that may be contained in the material including (1) the copyright and all renewals thereof; (2) the right to grant permission to republish the article in any and all media in whole or in part with or without fee; (3) the right to reproduce the article or other written work, as specified above, for sale or free distribution; and (4) the right to publish the article or other written work, as specified above, in whole or in part with or without fee. Having assigned the above rights to the ATS, I understand that no material can be released or distributed without permission from the ATS.

In addition, I affirm that the contents of this article or other written work, as specified above, accurately present the research findings (if applicable); that all authors have contributed to the work, have seen and approved the final version of the work, and accept responsibility for the content of the work; that all sources of financial support for the work contained have been disclosed; that the authors have complied with the "Instructions for Contributors"; and that the article or other written work, as specified above, has not previously been published, is not subject to copyright or other rights except my own to be transferred to the ATS, and has not otherwise been submitted for publication, except under circumstances as communicated to the ATS, in writing, at the time the article was first submitted.

FOR NIH GRANTEES: If any of the authors have been supported financially by the NIH to conduct the research that is reported in this article or other written work, the ATS will submit an electronic copy of the final accepted version on the authors' behalf to the NIH National Library of Medicine's (NLM) and PubMed Central (PMC) at a time in compliance with NIH requirements.

This certifies that the authors have been supported financially by the NIH to conduct the research that is reported in this article or other written work as specified above.

FOR U.S. AND FOREIGN GOVERNMENT EMPLOYEES: If the work was performed outside the scope of your employment, making you—and not the government agency you work for—the actual copyright holder of this work, all authors must sign this form. If, however, the work is a work of the government and, therefore, is not subject to U.S. copyright, the corresponding author should check the box and sign below on behalf of all authors:

This certifies that the contents of this article accurately present the research findings and that all authors performed this work within the scope of their government employment.

If the above work is not accepted by the American Thoracic Society for publication, this transfer has no legal effect, and this form will be returned on request. No work may be published by the American Thoracic Society publication unless the ATS has received this form properly executed. Where the work is the product of more than one author, each author must sign this form. Please email this form to forms@thoracic.org or fax the form to 212-315-8613. If you are mailing the form, please address the envelop to the appropriate Editor and send to the **American Thoracic Society, 61 Broadway, New York, NY, 10006-2755.**
