A Canadian Tribute to Botucatu...catu

Hello friends, my name is Damon
I'm your token Canadi...an
I've traveled from Toronto to
Teach MECOR 2 in a place called
Botucatoocatu

I must explain that I was so excited—
To learn from Amaral that I was invited
A whole 6 days to discuss confounding!
My pulse sped up and my heart was pounding!
I knew this trip would be no vacation
As we wrestled with bias and effect modification
Trying our best to infer causation...
It's been so much fun!

Botuca tuca tuca tuca tuca too!
Where I've come to meet new friends,
And to teach MECOR 2
It's been so nice to be here
With all of you
