Dear EOPH members,

We hope you are having an enjoyable summer! In this August issue of the EOPH newsletter, we share some of our members’ recent “epub ahead of print” articles, and a link to a recent ATS Webinar co-sponsored by the All and EOPH assemblies. Please let us know about your recent publications, awards, and achievements. Also, we would appreciate suggestions or feedback for future issues at tara.nordgren@medsch.ucr.edu.

Sincerely,

Your Web Editorial Committee Director and co-Chair,

Tara Nordgren and Anna Nolan
Recent publications

This section highlights some of our assembly members’ exciting research that was recently ‘e-published.’ It is possible that our search may miss your best work, so please send your recent publications to tara.nordgren@medsch.ucr.edu.

Air Quality, Pollution, and Environmental Exposures

Occupational Health and Exposures

Asthma and Allergic Diseases

**Urinary polycyclic aromatic hydrocarbons and allergic sensitization in a nationwide study of children and adults**

ARDS

Climate Change

Cardiovascular Disease

Cancer

Chronic Obstructive Pulmonary Disease (COPD)

Bronchopulmonary Dysplasia

Prognostics, Diagnostics, Testing, Methodology

HIV

Mechanisms

Microbiome

Voice Disorders

ATS Webinar Journal Club

We hope you had an opportunity to participate in the recent ATS Webinar Journal Club featuring the article, “Once –daily Single-inhaler Triple Versus Dual Therapy in Patients with COPD.” The Webinar was co-sponsored by the AII and EOPH assemblies. If you were unable to participate live, there is still an opportunity to watch webinar, available HERE.

Interesting Clinical Cases?

The web committee is currently calling for “Quick Hit” clinical cases, which will be posted on the website and highlighted in this newsletter. It is a good, peer-reviewed writing opportunity for trainees. Submit clinical cases to tara.nordgren@medsch.ucr.edu.

Things Worth Celebrating!

We know that many of you have successes to share with us. Please help us expand this section by emailing us your good news: tara.nordgren@medsch.ucr.edu.
