The screenshot shows the website for the Assembly on Sleep and Respiratory Neurobiology (SRN). The navigation bar at the top includes links for HOME, FOUNDATION, CONFERENCE, GUIDELINES, JOURNALS, and STORE. Below this is a secondary navigation bar with ABOUT, ADVOCACY, PROFESSIONALS, PATIENTS, and MEMBERS. The main header reads "Sleep and Respiratory Neurobiology" with a breadcrumb trail: Home > Members > Assemblies and Sections > Assemblies > Sleep and Respiratory Neurobiology. On the left, a sidebar menu lists various resources, with "Assembly Donations" circled in red. The main content area features a banner for "The Assembly on Sleep & Respiratory Neurobiology" with a photo of a person wearing EEG electrodes. Below the banner are social media links for Facebook and Twitter. The "What's new" section lists "Next Journal Club: December 22, 2015" and "ATS Podcast: Sleep Disordered Breathing and Congestive Heart Failure". The "Featured" section lists "Sleep Education", "Sleep Questionnaires", and "Sleep Fragments". A welcome message states: "Welcome to the website of the Assembly on Sleep and Respiratory Neurobiology (SRN). Our Assembly focuses on clinical and research questions associated with **sleep, sleep apnea** and **hypoventilation, respiratory sensation** and the **control of breathing, intermittent hypoxia** and **cardiopulmonary and metabolic interactions during sleep**. We aim to translate this knowledge into prevention of disease, and improved diagnosis, treatment and patient outcomes." Below this is a portrait of the Assembly Chair, Susheel P. Patil, MD, PhD, with his name and title listed underneath.
