

All Assembly: Making the most of ATS 2024

Before ATS

- Review the All Assembly Guide to ATS
- Download the ATS App
- Plan sessions on your calendar
- Sign up for Assembly Mentorship Programs
- Consider registering for: Diversity Forum, Women's Forum, Reception for PhD and Basic Science Researchers
- Plan meetings with mentors & friends
- Prepare talks & posters
- Pack for success & comfort (check out the weather forecast etc.)

During ATS

*See next page for details

- Opening Ceremony – Saturday May 18th
- Attend Networking Exchange for Early Career Professionals – Saturday May 18th
- Diversity Forum – Sunday May 19th
- Respiratory Health Awards Ceremony – Sunday May 19th
- Attend Assembly Meeting – Monday May 20th
- Women's Forum – Monday May 20th
- Check out sessions listed in the All Assembly Guide to ATS
- Introduce yourself to faculty and peers before/after sessions
- Get faculty/peers' contact info and set a plan to reach out
- Enjoy the local sites and restaurants!

After ATS

- Follow-up contacts
- Submit sessions proposals for ATS 2025
- Reach out to Assembly and Committee leadership to get involved (see All Assembly-at-a-Glance for email addresses)
- Sign up for ATS email digests
- Attend the virtual All Journal Clubs
- Sign up for Assembly Apprenticeship Programs (January 2025)

Allergy, Immunology and Inflammation (All) Assembly Guide to ATS 2024 for Early Career Professionals (ECP)

All Membership Meeting

Location: Marriott Marquis San Diego & Marina, Grand Ballroom 8-9 (2nd Floor, Lobby Level)

Date: Monday May 20, 2024
Time 5:00 - 7:00 pm

*Stay after for meet-and-greet with the All ECP working group members

Saturday, May 18th

Opening Ceremony

4:30-5:30pm San Diego Convention Center

Networking Exchange for Early Career Professionals

5:30-6:30pm San Diego Convention Center, Sails Pavilion Terrace

Sunday, May 19th

Unlocking the Therapeutic Potential of Trained Immunity in Respiratory Diseases

9:15-10:45am Scientific Symposium A10
San Diego Convention Ctr, Rm 6D (Upper Level)

Diversity Forum (Requires pre-registration)

11:45am-1:15pm, Speaker: Tyra Bryant-Stephens, MD
Manchester Grand Hyatt, Seaport ABC Ballrm (2nd lvl, Seaport twr)

Section on Genetics and Genomics Business Meeting

11:45am-1:15pm, Speaker Trey Ideker, PhD
Marriott Marquis SD Marina, Coronado (Level 4, South Tower)

Metabolite Interactions in Health and Disease: Unveiling the Mutual Feeding between Host and Microbiota

2:15-3:45pm Scientific Symposium A90
Marriott Marquis SD Marina, Grand Ballrm 11-13 (Lobby lvl, N. Tower)

Full Metal Jacket Targeting COPD and Chronic Airways Disease*

2:15-4:15pm Poster Discussion Session A101
San Diego Convention Ctr, Rm 30C-E (Upper Level)

Climate Change & Health Disparities in Lung Disease*

2:15-4:15pm Mini Symposium A95
San Diego Convention Ctr, Rm 24A-C (Upper Level)

Respiratory Health Awards Ceremony

4:30-5:30 pm
San Diego Convention Ctr, Ballrm B-D (Upper Level)

* session features All ECP Working Group member as speaker or senior author

Monday, May 20th

The Macrophage in all its Glory

9:15-11:15am Mini Symposium B15
San Diego Convention Center, Rm 24A-C (Upper Level)

Novel Insights into Asthma Pathogenesis

9:15-11:15am Mini Symposium B16
Marriott Marquis SD Marina, Pacific Ballrm 24-26 (Grd fl, N. Tower)

Women's Forum (Requires pre-registration)

11:45am-1:15pm
Washington Convention Ctr, Hall D (Level 2)
Manchester Grand Hyatt, Seaport ABC Ballrm (2nd lvl, Seaport twr)

Breathing Amidst Adversity: Exploring the Impact of Air Pollution on Respiratory Health and Beyond

2:15-4:15pm Poster Discussion Session B105
San Diego Convention Center, Rm 6E (Upper Level)

Immune Mechanisms of Acute Lung Injury from COVID & Beyond

2:15-3:45pm Scientific Symposium B87
Marriott Marquis SD Marina, Pacific Ballrm 24-26 (Grd fl, N. Tower)

All Membership Meeting

5:00-7:00pm
Marriott Marquis SD Marina, Grand Ballrm 8-9

Tuesday, May 21st

Rhinovirus Infection of the Airway Epithelium in Asthma

9:15-10:45am Scientific Symposium C9
San Diego Convention Center, Rm 24A-C (Upper Level)

Harmony in Healing: Immune Cell Choreography of Lung Injury and Repair

9:15-11:15am Mini Symposium C14
San Diego Convention Center, Rm 2 (Upper Level)

[Check out more All content](#)

[Meet the All ECP Working Group](#)

Follow All on [X @ATS All](#)

Tuesday, May 21st (cont.)

What's Fat Got to Do with It? New Evidence for the Influence of Obesity on Chronic Airways Disease

9:15-10:45am Scientific Symposium C5
Marriott Marquis SD Marina, Grand Ballrm 5-6 (Lobby lvl, N. Tower)

Understanding Lung Immunity in the Battle Against Infection

2:15-4:15pm Poster Discussion Session C101
San Diego Convention Center, Rm 25A-C (Upper Level)

Clinical and Translational Advances in Asthma

2:15-4:15pm RAPiD Poster Discussion Session C102
San Diego Convention Center, Rm 28C-E (Upper Level)

Emerging Strategies in Severe Asthma in 2024 and Beyond

2:15-3:45pm Scientific Symposium C91
Marriott Marquis SD Marina, Pacific Ballrm 18-19 (Ground fl., N.tower)

Wednesday, May 22nd

Pour Some Sugar on Me: Metabolism in Lung Injury and Repair*

8:15-10:15am Mini Symposium D12
San Diego Convention Center, Rm 2 (Upper Level)

Terminator: Control of Airway Inflammation and Immune Response in Asthma*

8:15-10:15am Poster Discussion Session D21
San Diego Convention Center, Rm 31A-C (Upper Level)

What causes Sarcoidosis?

8:15-9:45am Scientific Symposium D6
San Diego Convention Center, Rm 29A-D (Upper Level)

Bridging the Gap: Translational Studies in ARDS, Pneumonia, and Sepsis

11:00am-1:00pm Mini Symposium D91
Marriott Marquis SD Marina, Pacific Ballrm 18-19 (Grd fl, N. Tower)

Uncovering the Metabolic and Genetic Unsolved Mysteries in Asthma

11:00am-1:00pm Poster Discussion Session D101
San Diego Convention Center, Rm 33A-C (Upper Level)

The sessions listed highlight content which may be of interest to All members or involve members of the All ECP working group. For a complete list of All-associated sessions check the App or <https://conference.thoracic.org/program/clinical-scientific-sessions/index.php>

All Assembly-at-a-Glance

The **Early Career Professionals Working Group (ECPWG)** of the ATS Assembly on **Allergy, Immunology & Inflammation (All)** welcomes you to ATS 2024! The scope of the All Assembly includes all scientists studying allergy, asthma, genetics, and how the immune response and inflammation regulate host defense. All is formed of committees and working groups that work to contribute to our overall mission. We put together this document to help you navigate ATS 2024 and provide the opportunity to contact members of leadership to get involved in the All.
